Hi, my name is Sue Collins, a Blue Mountains guide, host and historian. I operate **MOUNTAINS TALES** a storytelling and guiding business

Having worked in Sydney in the corporate arena, in Sales and HR, I understand what goes into a successful corporate getaway and incentive; time to chill, form connections, learn and have fun and laughter along the way.

As a Blue Mountains host, I escort and guide your group on a short excursion or full day of activity. If travelling together on a coach, I will meet your group at **GLENBROOK INFORMATION CENTRE** in the lower mountains, and guide your group to their accommodation, telling stories and stopping at a spectacular view for a group photo.

During your Blue Mountains stay; you may choose a team building adventure to the home of the steepest railway at **SCENIC WORLD**, High Tea or a local winery. Your delegates have the opportunity to experience a slice of the Blue Mountains, to compliment your conference.

MOUNTAINS TALES coordinates all activities to align with the focus and needs of your conference or event.

STORYTELLING - BRINGING PEOPLE AND PLACES TOGETHER
