TO THE GRAWIN, GLENGARRY AND
SHEEPYARD OPAL FIELDS AND ALL 3 BUSH PUBS

THE REAL DEAL AUSSIE OUTBACK & MINING EXPERIENCE

-  Give your car a break, sit back, and let us drive you around unsealed roads and dirt tracks. Experience a completely different world out on the Opal Fields - they still resemble how the Ridge once was several decades ago.
-  The Opal Fields are about 80 km from Lightning Ridge, with wildlife and farming country to see on your way.
-  Hear colourful stories and entertaining history about the area and learn how and where Australia's National Gemstone is ethically mined.
-  Outback hospitality with a yummy Devonshire morning tea and lunch (Gluten-Free and Vegetarian options available).
-  View mining machinery, camps, mullock heaps, opal mining claims, and gain an inside view of an opal miner's daily grind.
-  Try your luck fossicking (looking for opals) with the guidance and support of your local and knowledgeable tour guide.
-  We also take you to all three unique bush pubs – the Sheepyard Inn, Glengarry Hilton, and the Club in the Scrub with its famous golf course. So have a yarn with the miners and mingle with locals while quenching your thirst.
-  Visit the Sheepyard and Community War Memorial and Museum at Lake Beard - it is a little gem on the Opal Fields.
-  Unique, quirky photo opportunities and plenty of outback humour and atmosphere are waiting to be captured.
