A meticulously restored country hotel where each bite tells a story of community, sustainability, and uncompromising taste.

In 2019, the Holbrook Hotel was acquired by a local grazier who recognized the potential of this historic gem. Under their stewardship, the hotel has been restored and enhanced, ensuring that every aspect of your stay is infused with modern comfort and convenience while maintaining the integrity of its

heritage. With a commitment to locally sourced produce and a wonderful relationship with local farming families, our farm-to-table menu features the best the region has to offer.

Our well-appointed guest rooms exude the same art-deco charm that graces the rest of our establishment. From plush bedding to upscale amenities, every detail has been carefully curated to elevate your stay. Nearby, the new Holbrook Motel provides additional accommodation support.

Enjoy country-style hospitality.
