

MCCAFFREY'S ESTATE

—

# A Winemaker for the Day

Create your own unique bottle  
of wine to take home with our  
hands-on blending experience

## Join us for a hands-on blending experience, creating your own unique bottle of wine to take home.

Our wine educators will guide you through the process of selecting and blending different varietals to create a wine that perfectly suits your taste. You'll get to experiment with different blending ratios until you find the perfect combination. Along the way, you'll learn about the characteristics of different grapes and how they contribute to the final product.

Once you've created your blend, we'll bottle it up and you'll get to take it home with you as a one-of-a-kind souvenir of your experience. And of course, you'll also get to enjoy a glass or two of your creation as you work.

This blending experience is perfect for wine lovers of all levels – whether you're a seasoned connoisseur or just starting to explore the world of wine.

Come join us for an unforgettable experience of wine blending and education!
