Nathan did a fantastic job at emceeing our Bridge Walk for Mental Health across the iconic Sydney Harbour Bridge. He was professional, engaging, understanding and flexible to changes on the spot. We would highly recommend his work to anyone seeking an MC at their event.

I'm so glad that I chose Nathan to be my wife's wedding ceremony and become our MC! Genuinely friendly, energetic and outgoing from the first time we met, he immediately helped us with what we wanted in our wedding and how to make our day be truly and energetic, fun and most importantly, memorable event in our lives. After the wedding day, our guests could not stop telling us how brilliant Nathan was on the day and you could say, he was one of our main highlights. Thank you very much for everything Nathan, we'll definitely recommend you to our family and friends for their next big event, and of course, if we have another event coming up!

- Renato Jean Gaylican

Finding someone as funny, charismatic, professional, and with overall such a friendly, genuine soul is so rare. Nathan Cassar is the entire package! We could not speak more highly of him! You MUST hire him as your MC for your wedding!!! MUST MUST MUST! You will not go wrong - unless you don't choose him haha! Seriously though, he is so incredibly talented, knowledgeable, and skilled at what he does! He made our day/night go so smoothly! Without a flaw! He spent the time mingling with our guests and being part of the night. He also boogied on the dancefloor with us and led us in a crazy fun hokey pokey like circle on the dance floor to hey baby! He really did make it the best and most memorable wedding for us and all our guests loved him!!! He really did go over and beyond to make our wedding special.

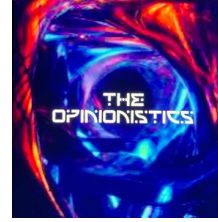

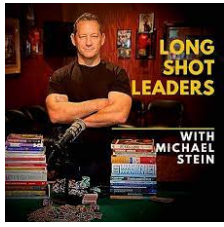

Thanks so much Nathan Cassar!
