

Self-Guided E-Bike Hire & Accommodation Transfers

ABOUT THE COMPANY

Better By Bike specialise in E-Bike and Bike rentals for the Northern Rivers Rail Trail and Byron Bay and its surrounding towns, We have operated for over 10 years in Queenstown, New Zealand and have now entered the Byron Bay market. We do self guided tours with accommodation transfers or trail side hires along the entire Northern Rivers Rail Trail. We also do a Guided Evening Glow Worm tour into the Burringbar Range Tunnel. With over 55 high quality E-bikes of all sizes we can tailor make tours options for large conference and event groups as well as families and couples. We have a full range of options for children /infants of all ages as well. We are passionate about sharing our local knowledge with visitors and our Rail trail rides are fully supported with trail assistance if required. Local ride maps are provided for all trails.

SELF-GUIDED E-BIKE HIRE & ACCOMMODATION TRANSFER

Immerse yourself in nature as you ride our high end E-Bikes through lush hinterland, native temperate rain forests and through a 500M long tunnel. The Northern Rivers Rail Trail is 24kms long and has become one of Australia's great rides. We pick you up from your accommodation. You start your journey in Mooball and ride the trail in both directions back to the start point or get picked up at any point along the way. Spot wildlife, and possibly glow worms. You will be amazed at how easy and accessible this ride is for everyone of any age and riding ability. Discover what makes this region so special and why its protection is vital.

HIGHLIGHTS

- Immerse yourself into Australia's nature estate via E-bike - go further and see more
- Ride into a 21 million year old volcano and learn the local history of the region
- Experience the natural beauty of the rain forest by day and discover its unique natural flora and fauna.
- Ride the entire Northern Rivers Rail Trail in comfort and ease on a high end E-bike

TOUR INCLUSIONS

- Approximately 6 hour self guided E-bike riding tour on top of the range E-bike
- Helmets, Gel seat for comfort, Map with points of interest and food and beverage stops, Panniers to carry your personal effects, lights for the tunnel and bike locks provided.
- Full E-bike operation and safety briefing included along with full trail support
