A Message From The Founder of WorkLife

WorkLife is a network of regional coworking spaces in South NSW, with locations currently in Picton, Berry, and Coledale—and more on the way in 2025.

Designed for those who prefer working in a vibrant community rather than around the dining table, a WorkLife membership connects you to a supportive and diverse network of professionals, remote workers, creatives, entrepreneurs, and local businesses.

Our members enjoy 24/7 access to beautifully designed spaces, equipped with seamless technology and backed by personalised service.

We cater to all working preferences and budgets, offering virtual memberships, casual coworking, dedicated desks, and exclusive office suites. Discover balance, productivity, and community with us.

At WorkLife, you can work smart and stay local

Best Wishes,

Kate Dezaarnaulds
