

THE EIGHTH SPRING

HERE, LUXURY FEELS EFFORTLESS.
NATURE FEELS CLOSE.
AND EVERY GATHERING BECOMES
PART OF THE LANDSCAPE.

A HIDDEN VALLEY ESTATE

Tucked into 37 acres of the Northern Rivers hinterland, The Eighth Spring is a privately owned estate defined by pure water, soft light, and the quiet rhythm of the valley. Spring-fed, lush and expansive, the land itself is the heart of the experience — restorative by nature, generous in scale, unhurried in pace.

SPACES THAT SHAPE THE DAY

At the heart of the estate sits the clubhouse — a striking timber-and-steel pavilion that opens onto lawns, terraces, and the creek beyond. Around it, the property unfolds: a firepit for slow evenings, a tennis court, boules and croquet lawns for spirited afternoons.

Accommodation is woven through the landscape. A restored cottage that once served as the local tennis clubhouse, and a converted hay barn now reimagined as a boutique one-bedroom retreat. Glamping platforms tucked into the grounds extend the stay across the valley.

CRAFTED FOR EXTRAORDINARY GATHERINGS

The Eighth Spring is built to flex. Each event finds its own shape — a wedding that spills from terrace to lawn to firepit, a leadership retreat anchored by quiet walks at dawn, a wellness immersion that moves between water and woodland, a milestone celebration that lingers long after dusk.

A fireside conversation. A long lunch on the terrace. A quiet morning by the creek. Every moment is held with ease, paced beautifully, and shaped to feel personal.

Spaces can be configured across the terrace, lawn, and interior areas to suit the flow of each occasion, with flexibility for long-table dining, breakout sessions, or open-plan celebrations. With on-site parking for 60 vehicles, dedicated vendor access, and the ability to host both ceremony and reception within the one setting, each event is supported with clarity and ease from arrival through to departure.

FAMILY-OWNED. HEART-LED.

We are Damien and Octavia Lee. We bought the property in 2023, drawn to the valley as a place to reset and rejuvenate. After building the clubhouse to host our own wedding in 2025, we began opening the estate to others — a chance to share the magic of the landscape, and the sanctuary it has become for us.

The Eighth Spring is more than a venue. It is a family legacy, shaped with care from every restored cottage to every reclaimed barn. Our hospitality is personal, warm and genuine — we welcome guests the way we welcome friends, with openness, attentiveness, and deep respect for the experience they have come to create.
